Learnframe Connections & Integrations

Learnframe e-Learning Solutions can launch, track, and report performance information from virtually any computer-based training product. The following CBT/WBT vendors are known to work with the current versions of Learnframe products. New connections are released regularly. If your vendor is not listed, please contact your Learnframe Account Manager, or call 800-738-9800. The latest version of this list is available on our Web site at www.learnframe.com/connect.
